

Transmits audio wirelessly up to 50m using 2.4GHz for clear, interference free transmission. Features a night light function which can be set to turn on when movement is detected, adjustable volume and low battery indication. It plays music with five pre-programmed lullabies, and the parent unit alerts you if the room temperature is above/below the chosen setting. It has a belt clip and talk button key so you can actually talk to the baby as if you are in the room. The baby unit is equipped with rechargeable docking station. Units are both mains and battery powered.
